LOOKING FOR AN UNUSUAL EVENT? ARE YOU OPEN TO NEW CHALLENGES?

TIME for professional and social networking
TIME for new views on career paths to shape your future
TIME to bridge the gap between basic and clinical research
TIME to revive a medieval castle

TIME for the

YOUNG RESEARCHER VISION CAMP *The Power to Shape Your Future in Vision Research and Ophthalmology in particular targeting Young People from the field*

The aim of this camp is to give young investigators (MSc and PhD students, young MDs and post-docs) an opportunity to present themselves and their work to fellow researchers, to allow them to build and strengthen personal networks in an international environment.
