

**Personal Details:****Name:** (James) Renwick Beattie**DOB:** 06/01/77**Nationally:** British

**Address:** Centre for Vision Sciences  
Institute of Clinical Science,  
Grosvenor Road, Belfast,  
Northern Ireland. BT12 6BA  
Tel: 028 90635072  
Fax: 028 90263368  
Email: r.beattie@qub.ac.uk

**Qualifications:**

2002 – PhD in Chemistry and Food Science, Schools of Chemistry and Agriculture, Queens University of Belfast (QUB), Belfast, UK.

1998 – BSc (Hons) 1<sup>st</sup> Class in Chemistry, School of Chemistry, QUB, Belfast, UK

**Professional Experience:**

Since 1/05/2008 Postdoctoral Research Fellow in Centre for Vision Science, Biomedical Science, Medicine Health and Life Sciences, Queens University of Belfast.

1/11/2003 - 30/04/2008 Postdoctoral Research Fellow in Schools of Medicine & Dentistry and Chemistry & Chemical Engineering, Queens University of Belfast.

01/08/2003 - 31/10/2003 Postdoctoral Research Fellow, School of Chemistry, QUB.

01/02/2003 – 30/04/2003 Postdoctoral Research Fellow, School of Chemistry, QUB.

01/01/2002 – 31/07/2003 Full time carer

01/10/1998 – 31/12/2002 PhD studies at the School of Chemistry, QUB.

01/07/1998 – 11/09/1998 Research Assistant, Department of Agriculture, QUB.

07/07/1997 – 29/08/1997 Laboratory technician, TVO oy, Olkilouto, Finland.

August 2001 Attended the Danish Meat Research Institute, Roskilde Denmark

**Lecturing**

- Formulated and gave 6 lectures on experimental Raman spectroscopy for PhD students, postdocs and academic staff from a wide range of backgrounds. Feedback was strongly positive.
- teaching and supervising of Raman spectroscopy in the Centre of Clinical Raman microscopy with monthly seminars for active researchers, regular small groups and one-on-one teaching.

**Supervision**

Supervision of experimental procedures, directing data handling and interpretation, proof reading reports, presentations, manuscripts and theses.

2004 to date 2 Postdoctoral Research Fellows from biomedical science  
2004 to date 8 PhD students from medicine, biomedical science, physics and pharmacy  
2006 1 MSc student project from pharmacy  
2004 to date 1 technical staff  
2003 to date 5 undergraduate student projects from chemistry and pharmacy  
1998-2002 laboratory demonstration to undergraduate students in food science and chemistry

**Internal Staff Training:**

Staff Training and Development Unit and Teaching and Learning in Higher Education at QUB.

04/02/2008 CRS: preparing and giving lectures  
07/02/2008 Practical skills of lecturing  
08/10/2007 Research Grant Application seminars – Training in EPSRC

03/10/2007	Small group teaching for science, engineering and medicine
23/03/2006	Project planning and Personal effectiveness
01/02/2006	Time management
10/04/2008	Good Clinical Practice

**External Training:**

28-31/07/2009	Vitae: Leadership in action
23/06/2009	Northern Ireland Licensee Training Group: Personal Licensee, Animal Handling modules 1-3, small and large animals.
02/04/2009	Futures Scotland: Innovation leadership for researchers
18-19/03/08	Mathworks: Matlab fundamentals and programming techniques
16/04/2008	Mathworks: Statistical Methods in Matlab
15/04/2008	Mathworks: Distributed and Parallel Computing with Matlab
14/10/2008	Mathworks: Matlab for Image Processing

**Memberships and Affiliations:**

The Association for Research in Vision and Ophthalmology (2006- to date)  
Vision Science Recognised Research Group (2007- to date)

**Grants:****Awarded:**

9/1998 – 12/2001 Application of Raman spectroscopy to meat composition and quality, postgraduate scholarship, Department of Agriculture and Rural development (Northern Ireland).

5/2008 Microneedle Arrays for Surface Enhancement of Tissue Raman Signals, Tyndall National Institute, (NAP164, internal costing est. £20,000)

Active participant in the development of a number of grant awards and applications:

9/2007 – 9/2010 Tissue Slice Cultures of the Human Lung: An in vitro model to study anti-inflammatory and anti- proliferative compounds using Raman Microscopy, Dr Bettina Schock et al. (QUB), ESF, 2007

4/2007 – 3/2009 Raman spectroscopic evaluation of protein modification: a new, non-invasive diagnostic tool for age-related eye disease, Prof A Stitt et al. (QUB), MRC, 2007 (G0600053, £430,000)

Development of Raman Microscopy to examine the freeze drying process, Dr Vicky Kett (Queen's University Belfast), submitted to BBSRC 2007

Role of Phosphatidylethanolamine in Antioxidant Defense against Reactive Aldehydes, Dr Malgorzata Rozanowska (Cardiff University), Dr Steven Bell (QUB), submitted to BBSRC 2006.

**Current Collaborations:****Academic:**

Dr Francesco Galli, University of Perugia, Italy  
Dr Christine Desel, University of Kiel, Germany  
Dr Malgorzata Rozanowska, Cardiff University, UK  
9 intra and interschool collaborations within QUB.

**Commercial:**

Danish Meat Research Inst., Roskilde, Denmark  
Agri Food & Biosciences Institute NI, Belfast, UK  
Perkin Elmer, Beaconsfield, UK  
Jobin Yvon Horiba, Villeneuve d'Ascq, France  
Andor Technologies Limited, Belfast, UK

**Committees:**

1/11/2003 to date: Research consultant on consortium panel, Clinical Raman Microscopy Group

11/3/2008 to date: Chairperson of the university Raman User's Group

7/2001-7/2002: Windsor Baptist Church Representative for International Friendship Association

7/1999– 7/2001: Welcome Program coordinator for International Friendship Association

#### **Peer Reviewing:**

Molecular Vision, Pharmaceutical Research, Applied Spectroscopy, Poultry Science

#### **Journal Papers:**

1. Beattie, J.R., Glenn, J.V., Boulton, M.E., Stitt, A.W., and McGarvey, J.J., Effect of signal intensity normalization on the multivariate analysis of spectral data in complex 'real-world' datasets. *J. Raman Spectrosc.* (2009) 40, p. 429-435.
