

Farhad Hafezi

Curriculum vitae

1. PERSONAL DATA

Surname	Hafezi
Given name	Farhad
Sex	Male
Academic degree	Professor and Chair of Ophthalmology, Geneva University Hospitals, Switzerland M.D. , Ph.D.
Date of birth	November 1, 1967
Place of birth	Remscheid (Germany)
Nationality	Swiss
Canton of origin	Fribourg (FR)
Marital status	Married to Nikki Hafezi, fundraiser for biomedical research. Select clients include: European Vision Institute, University of Geneva and Columbia University Two children: Leilah Alina, born 2008 and Lilian Malaya, born 2010.
Languages	German (fluent - speaking, reading, writing) English (fluent - speaking, reading, writing) French (fluent - speaking, reading; proficient - writing) Polish (fluent - speaking; basic - reading) Farsi (proficient - speaking; basic - reading and writing)
Work address	22, rue Alcide Jentzer 1211 Geneva 14, Switzerland Tel : +41 (0)22 / 382 83 62, Fax : +41 (0)22 / 382 84 33
Home address	151E, rte de la Capize 1222 Vésenaz, Switzerland +41 (0)22 / 722 00 70 (Home),
Email	farhad@hafezi.ch

2. PRESENT POSITIONS

Geneva	Professor and Chair of Ophthalmology, Geneva University Hospitals, Switzerland
Los Angeles	Clinical Professor of Ophthalmology, Doheny Eye Institute, Keck School of Medicine, University of Southern California (USC) Los Angeles, USA

3. DIPLOMAS

2005 - 2008	PhD thesis, Dept. of Ophthalmology (Prof. Dr. med. Gabriel van Rij), Erasmus University Rotterdam, The Netherlands on " <i>Management of Complications in Refractive Laser Surgery</i> "
1993 - 1994	26th 2 year-postgraduate course in experimental medicine and biology (currently known as Masters in Biology), ETH and University of Zurich, Switzerland
1991 - 1992	Doctorate of Medicine, Dept. of Internal Medicine (Prof. Dr. med. Peter Weidmann), Inselspital Bern, Switzerland on " <i>Insulin sensitivity and atrial natriuretic factor during beta-receptor modulation with celiprolol in normal subjects</i> "

Farhad Hafezi

Curriculum vitae

4. TRAINING AND EDUCATION

1986 - 1992	Medical studies in Fribourg and Berne
-------------	---------------------------------------

5. PROFESSIONAL ACTIVITIES

2012 - present	Clinical Professor of Ophthalmology, Doheny Eye Institute, Keck School of Medicine, University of Southern California (USC) Los Angeles, USA
2010 - present	Professor and Chairman of Ophthalmology ("Ordinarius"), Geneva University Hospitals, Switzerland
2009 - 2011	Consultant for refractive laser surgery and corneal research, Hôpital Universitaire Ophtalmique Jules-Gonin, Lausanne
2008	"Titularprofessur", University of Zurich
2003 - 2010	Partner and shareholder of the Institute for Refractive and Ophthalmic Surgery (IROC AG), Zurich, Switzerland. An SME with currently 31 employees focused on clinical patient care and R&D in the field of ophthalmology and vision research
2002	Clinical Oculoplastic Fellow, Rotterdam Eye Clinic, Rotterdam, The Netherlands
2001	„Privatdozent“ for Ophthalmology at the University of Zurich
2000 - 2002	Staff member, Dept. of Ophthalmology, University Hospital Zurich, Switzerland
2000	Swiss Board Certification (FMH) in ophthalmology and ophthalmic surgery
1997 - 2000	Clinical residency, Dept. of Ophthalmology, University Hospital Zurich (Profs. B. Gloor and T. Seiler), Switzerland
1994 - 1997	Scientific postdoctorand, Retinal Cell Biology, Dept. of Ophthalmology, University Hospital Zurich (Prof. Charlotte E. Remé), Switzerland

6. TEACHING

Undergraduate

2001 - 2005	Lectures for 6th year medical students, University of Zurich
1999 - 2010	Practical courses in ophthalmology, Medical Faculty, University of Zurich

Postgraduate

2013	8th congress of the Morocon society for cataract and refractive surgery, Marrakech, Morocco. Courses on "Prise en charge du kératocône" and "Kératites infectieuses". Course leader.
2012	24th Annual Meeting of the SLTBR (Society for Light Treatment and Biological Rhythms), Geneva, Switzerland. Main Congress Organizer and Co-Chairman.
2012	American Academy of Ophthalmology (AAO), Chicago, USA., Corneal Collagen Cross-linking ". Course faculty.
2012	105th Congress of the Swiss Ophthalmological Society, Fribourg, Switzerland. Workshop: "From Idea to established Treatment - Translational Research in Ophthalmology". Workshop Organizer.
2012	8th International congress on corneal collagen cross-linking, Geneva, Switzerland. Congress organizer.
2012	Congress of the German Ophthalmic Surgeons (DOC), Nürnberg, Germany. "Corneal ectasia". Course faculty.
2011	American Academy of Ophthalmology (AAO), Orlando, USA., Modern Trends in Diagnosis and Management of Keratoconus and Ectasias ". Course faculty.
2011	European Society for Cataract and Refractive Surgery (ESCRS), Vienna, Austria., „Current state of CXL (corneal collagen cross-linking with riboflavin and UVA)“. Course leader.
2011	European Society for Cataract and Refractive Surgery (ESCRS), Vienna, Austria., „How to secure funding for clinical research“. Course faculty.

Farhad Hafezi

Curriculum vitae

- 2011 European Society for Cataract and Refractive Surgery (ESCRS), Vienna, Austria. „Modern trends in the management of keratoconus“. Course faculty.
- 2011 7th International congress on corneal collagen cross-linking, Zurich, Switzerland. Congress organizer.
- 2011 1st joint international congress Refr@ctive.online and SICSSO , Grosseto, Italy. „Advanced cross-linking course“. Course faculty.
- 2011 European Society of Ophthalmology (SOE) and AAP joint meeting , Geneva, Switzerland. „Surgical management of irregular corneas“. Course faculty.
- 2010 European Society for Cataract and Refractive Surgery (ESCRS), Paris, France. „Diagnostics and modern treatment options in keratoconus“. Course faculty.
- 2010 European Society for Cataract and Refractive Surgery (ESCRS), Paris, France. "Corneal collagen cross-linking". Course leader.
- 2010 Congress of the German Ophthalmic Surgeons (DOC), Nürnberg, Germany. "Corneal ectasia". Course faculty.
- 2010 European Society for Cataract and Refractive Surgery (ESCRS), Paris, France. "Corneal cell biology for the refractive surgeon: an update". Course leader.
- 2010 World Ophthalmology Congress, Berlin, Germany. Symposium on "Post LASIK ectasia". Co-Chair.
- 2009 European Society for Cataract and Refractive Surgery (ESCRS), Barcelona, Spain. „Diagnostics and modern treatment options in keratoconus“. Course faculty.
- 2009 Congress of the German Ophthalmic Surgeons (DOC), Nürnberg, Germany. "Corneal ectasia". Course faculty.
- 2009 European Society for Cataract and Refractive Surgery (ESCRS), Barcelona, Spain. "Corneal collagen cross-linking". Course leader.
- 2009 102nd Swiss Ophthalmological Society (SOG), Lugano, Switzerland. „Cornal collagen cross-linking“. Course leader.
- 2009 5th International congress on corneal collagen cross-linking, Leipzig, Germany. Faculty.
- 2008 European Society for Cataract and Refractive Surgery (ESCRS), Berlin, Germany. "Corneal collagen cross-linking". Course faculty.
- 2008 European Society for Cataract and Refractive Surgery (ESCRS), Berlin, Germany. „Diagnostics and modern treatment options in keratoconus“. Course faculty.
- 2008 4th International congress on corneal collagen cross-linking, Dresden, Germany. Faculty.
- 2007 European Society for Cataract and Refractive Surgery (ESCRS), Stockholm, Sweden. "Corneal collagen cross-linking". Course faculty.
- 2007 3rd International congress on corneal collagen cross-linking, Zurich, Switzerland. Faculty.
- 2006 99th Swiss Ophthalmological Society (SOG), Lugano, Switzerland. „Corneal crosslinking with UVA and riboflavin“. Course leader.
- 2006 2nd International congress on corneal collagen cross-linking, Zurich, Switzerland. Faculty.
- 2005 Co-Founder and faculty, 1st International congress on corneal collagen cross-linking, Zurich, , Switzerland.
- 2005 98th Swiss Ophthalmological Society (SOG), Interlaken, Switzerland. „Komplikationenmanagement in der Refraktiven Chirurgie“. Course leader.

Continuing education

- 2009 Co-Editor of a DVD-set "Basic techniques in oculoplastic surgery". Videos of oculoplastic procedures (entropion and ectropion surgery, blepharoplasty, ptosis repair, enucleation and evisceration). Four hours of videos in high definition and Blu-Ray quality with voice-over in English, filmed by professional film makers.
Editors: Dion Paridaens, Farhad Hafezi and Willem van den Bosch. Rotterdam, The Netherlands and Zurich, Switzerland.

Farhad Hafezi

Curriculum vitae

7. RESEARCH INTEREST

Basic research

Retina	Molecular mechanisms leading to retinal degeneration. <i>In vivo</i> -work in transgenic animal models for retinal degeneration and <i>ex vivo</i> in incubated retinas. Publication of several high-impact papers.
Cornea	Molecular mechanisms of corneal wound healing after refractive laser surgery. Advancing corneal collagen cross-linking technology. Keratoconus and corneal biomechanics. Scleral cross-linking.

Clinical research

Cornea	Improvement of current ablation algorithms in refractive laser surgery. Establishment of new techniques for the management of complications after refractive laser surgery. Establishing the technique of corneal collagen crosslinking (CXL) for the treatment of progressive keratoconus, iatrogenic keratectasia, corneal melting processes and corneal dystrophies.
--------	---

8. SURGICAL EXPERTISE

Cornea	Refractive Surgery: LASIK, Femto-LASIK, PRK. Management of complications after refractive laser surgery Surgical treatment of various corneal diseases by corneal collagen cross-linking
Ant. segment	Cataract surgery, general corneal surgery, oculoplastic surgery

9. ADMINISTRATION

IROC, Zurich	Responsible Party for the management of staff (2005 - 2007) Co-Responsible Party for the establishment of the ISO 9001:2001 quality management system
Univ. of Zurich	Participation in a course "Management basics for physicians". 15 day-modular course, University of Zurich and Private Hochschule Bern (2002)

Farhad Hafezi

Curriculum vitae

10. HONORS, DISTINGUISHED LECTURES, AND AWARDS

MEDICAL

2014	Carl Camras Translational Research Award by the ARVO Foundation
2013	Kok van Alphen lecture, Keynote lecture, Meeting of the Dutch Ophthalmological Society
2011	David Easty Lecture, XIVth Bowman Club Meeting, Newcastle upon Tyne, GB
2011	Isaac Bekhor lecture, Doheny Eye Institute, University of Southern California Los Angeles, USA
2009	Keratoconus award of the Global Keratoconus Foundation
2007	Best scientific lecture at the Deutsche Gesellschaft für Intraokularlinsen und Implantologie (DGII), Potsdam, Germany
2002	Georg Friedrich Götz Prize, the highest medical award of the University of Zurich
2001	Poster prize of the Swiss Ophthalmological Society for the best scientific work of the year
2000	Retinitis Pigmentosa research award from Retina Suisse and ProRetina Germany
2000	Jules Francois Prize of the Belgian Ophthalmological Society, the highest Belgian award for ophthalmology
1997	Cover article in "Nature Medicine"
1997	Alfred Vogt Prize of the Swiss Ophthalmological Society, the highest Swiss award for ophthalmology
1996	Poster prize of the Swiss Ophthalmological Society for the best scientific work of the year
1995	Poster prize of the Swiss Ophthalmological Society for the best scientific work of the year

ENTREPRENEURIAL

2012	INNOGAP award of the University of Geneva for creation of the most promising patent 2012
2012	VentureKick Stage 1 for promoting business ideas at Swiss Universities
2012	Innovation award of the Geneva University Hospitals
2007	Finalist for the Swiss Economic Award 2007 (last three in Hi-Tech)

11. GRANTS (FROM 2011 ONWARD)

Type of grant	Principal grantee	Percentage received	Original currency	CHF
2011				
Private foundation (Castier)	Farhad Hafezi	100 %	CHF 252'000.00	
Swiss National Fonds	Olivier Richoz (MDPhD student of FH)	100 %	CHF 180'000.00	
2012				
Industry (Schwind eye-tech solutions)	Farhad Hafezi	100 %	CHF 418'000.00	
2013				
Swiss National Fonds	Arthur Hammer (MDPhD student of FH)	100 %	CHF 180'000.00	
			CHF 1'030'000.00	

Other funding	Principal grantee	Percentage received	Original currency	CHF
2011				
Industry (Oertli Instruments), Clinical trial	Farhad Hafezi	100 %	CHF 135'000.00	
			CHF 135'000.00	

Farhad Hafezi

Curriculum vitae

12. PATENTS

- 2013 "Method of applying a composition and pharmaceutical composition with a regimen of administering it" By Richoz, O. and Hafezi, F. Filing date: June 16, 2013. Pending application.
- 2012 "Apparatus for the treatment and/or prevention of corneal diseases" by Richoz, O. and Hafezi, F. PCT/CH 2012/000090. Filing date: April 23, 2012. Pending application.
- 1998 "Composition for treating degenerative diseases of the retina" by Hafezi, F. DE19808452. Filing date: September 3, 1998

13. OTHER OFFICIAL POSTS, CONSULTANCIES

- 2012 Scientific consultant for Ziemer Ophthalmics Group, Switzerland
- 2012 Scientific consultant for Schwind eyetech solutions, Germany
- 2010 Scientific committee member for Essilor's international non-peer-reviewed review journal "Points de vue"
- 2009 Consultant for research relating to CXL, STAAR Surgical AG, Nidau, Switzerland
- 2007 - 2010 Consultant for the clinical use of the ORA in biomechanical changes of the cornea, Reichert Ophthalmic Instruments Inc., Depew, New York, USA
- 2003 Scientific consultant for the European market introduction of the Acrysof Natural intraocular lens
- 2002 - 2003 Scientific consultant for the international introduction of the Acrysof Natural intraocular lens: potential UV damage to the retina

14. TECHNICAL AND SCIENTIFIC ROLES

- Board member Global ONE Advisory Board of the American Academy of Ophthalmology (AAO)
- Associate Editor Journal of Refractive Surgery
- Editorial board member Translational Vision Science and Technology (TVST), Iranian Journal of Ophthalmology, The International Journal of Keratoconus and Ectatic Corneal Disease
- Guest ed. board member Investigative Ophthalmology and Visual Science

15. FOUNDATIONS

- CET Center for Environmental Therapeutics, New York, USA. Scientific advisory board, since 2008.
- AURIS foundation For research related to audition and vision, Geneva, Switzerland. Vice-President of the board, since 2012.

16. THESIS DIRECTOR, SUPERVISION OF POST-DOCTORANDS

- | | |
|-------------|---|
| 2012 - 2013 | MD thesis: Georgios Panos, Division of Ophthalmology, Department of Clinical Neurosciences, University of Geneva, " <i>Effect of ranibizumab on serous and vascular pigment epithelial detachments associated with exudative age-related macular degeneration.</i> " |
| 2012 - 2013 | MD thesis: Shawn Jalali, Division of Ophthalmology, Department of Clinical Neurosciences, University of Geneva, " <i>Functional outcomes of corneal KAMRA inlays</i> " |
| 2010 - 2012 | MD thesis: Nico Chatzis, Division of Ophthalmology, Department of Clinical Neurosciences, University of Geneva, " <i>Long-term results of CXL in adolescent patients</i> " |
| 2000 - 2001 | MD thesis: Mirjam D. Zimmermann, Dept. of Ophthalmology, University Hospital Zurich, " <i>Differentially expressed genes in light-induced photoreceptor degeneration in the presence and absence of c-fos</i> " |
| 2000 - 2001 | Post-Doctorand: Dinu Stanescu, Dept. of Ophthalmology, University Hospital Zurich , Project: „ <i>Role of PAX6, the master gene of eye development, in the adult mammalian retina</i> “ |
| 1998 - 1999 | MD thesis: Barbara Simmen, Dept. of Ophthalmology, University Hospital Zurich, " <i>Molecular ophthalmology: an update on animal models for retinal degenerations and dystrophies</i> " |
| 1997 - 1998 | MD thesis: Matthias Abegg, Dept. of Ophthalmology, University Hospital Zurich, " <i>Retinal degeneration in the rd mouse in the absence of c-fos</i> " |

PUBLICATION LIST

1. ORIGINAL ARTICLES PUBLISHED OR ACCEPTED IN PEER REVIEWED JOURNALS

1. Gatziuvas Z, Richoz O, Brugnoli E, Hafezi F. High-Fluence Corneal Collagen Cross-Linking for Progressive Keratoconus: Preliminary Results from a Prospective Cohort Study. (in press):
Impact factor: 2.3
2. Richoz O, Gatziuvas Z, Francois P, Schrenzel J, Hafezi F. Impact of fluorescein on the antimicrobial efficacy of corneal collagen cross-linking (CXL). (in press):
Impact factor: 2.5
3. Pot SA, Gallhoefer N, Matheis F, Hafezi F, Spiess B. Corneal collagen cross-linking as treatment for infectious and non-infectious corneal melting in cats and dogs: results of a prospective, non-randomized, controlled trial. **Vet Ophthalmol.** (in press):
Impact factor: 0.7
4. Pot SA, Gallhoefer N, Matheis F, Hafezi F, Spiess B. Treatment of bullous keratopathy with corneal collagen cross-linking (CXL) in dogs: a proof-of-principle study. **Vet Ophthalmol.** (in press):
Impact factor: 0.7
5. Gatziuvas Z, Hafezi F, Kopsidas K, Stupp T, Thanos S. Dysfunctional uveoscleral pathway in a rat model of congenital glaucoma. **J Physiol Pharmacol.** (in press):
Impact factor: 2.3
6. Coskunseven E, Sharma DP, Jankov M, Kymionis GD, Richoz O, Hafezi F. Toric phakic implantable collamer lens for residual myopic astigmatism after intrastromal corneal ring segment implantation and corneal collagen cross-linking in a three-stage procedure for keratoconus. **JCRS.** (in press):
Impact factor: 2.9
7. Spiess BM, Pot SA, Florin M, Hafezi F. Corneal collagen cross-linking (CXL) for the treatment of melting keratitis in cats and dogs: a pilot study. **Vet Ophthalmol.** 2013:
Impact factor: 0.7
